## Product Description

A set of wall lights made of brass, metal, and glass by Falkenberg Belysning in Sweden during the 1960s. The back plate measures 3.5 x 1.875 x 1 inches (H x W x D) and all lighting will be converted for use in the US. Our facility is unable to confirm if the electrical components meet UL-Listing standards. All items ship from High Point, North Carolina.
